Over the store of Duvall & Bro., between 41 and 6th streets, Pennsylvania avenue.

This establishment possesses many advantages over others in this city, being built expressly for Daguerroan purposes. It contains one of the innest skylights in this country, and best arranged; for which reason artists prefer Daguerroctypes taken at this establishment above all others.

There are now on exhibition some of the largest Daguerrectypes in the world, taken at this establishment, with a large collection of others, free to the public at all hours of the day.

OCAL AND TRAVELLING AGENTS CALL AND TRAVELLING AGENTS wanted for Popular and Useful Books just published.—CALIFORNIA ILLUSTRATED, including a description of the Panama and Nicaragua routes, with 48 superb Tinted Lithographs, 324 pages, 8vo.; price \$2. This work, by J. M. Letts, has been adjudged by the unanimous voice of the press to be the most elaborate, practical, and intensely interesting volume that has yet been written upon this golden theme. Since the publication of Stevens's Journal of Travels, no work has appeared that has created such a thrilling sensation. It is pre-eminently practical, and is interspersed with incidents of the most amusing character. In the language of one of the city editorials, "it is a perfect daguerreotype of California, taken by the light of a moonday sun." Also, Dr. Besch's great work on Medicine, THE AMERICAN PRACTICE AND FAMILY PHYSICIAN, 800 pages, 200 engravings, 8vo., sheep; price \$5. Dr. THE AMERICAN PRACTICE AND FASILE PHICE CIAN, 800 pages, 200 engravings, 8vo., sheep; price \$5. Dr. Beach is at the head of the eclectic practice in this country. Such was the demand, that eighteen thousand copies of this work were printed in one edition. Also, Dr. C. D. Hammond's work on the same principles of practice, MEDICAL INFORMATION FOR THE MILLION, or TRUE GUIDE INFORMATION FOR THE MILLION, or TRUE GUIDE TO HEALTH, 12mo., cloth, 528 pages; price \$1.50 cloth, \$1 paper covers; fourth thousand. Also, WOMAN IN HER VARIOUS KELATIONS—containing practical rules for American females, for their conduct in the detail of every domestic duty; royal 18mo., red cloth, illustrated; 324 pages; price 63 cents. This work should be in the hands of every lady, especially the young. Such is its popularity that nearly three thousand copies have been sold in the region of New York alone within a very few months. Also, a new and very useful article of Stationery for the preservation of valuable papers, &c., needed for reference, such as letters, invoices, &c. Its form is that of a scrap-book, with leaves prepared for the reception of the article to be filed—thus superseding, with many advantages, the practice of binding. The retail prices are as follows:

KRAUSER'S PATENT CLOVER-SEED HAR-VESTER
BEFORE THE PUBLIC FOR THE FIRST TIME IS BEFORE THE PUBLIC FOR THE FIRST TIME!

ITS utility is beyond comparison with any other farming implement now in use. It takes the seed from the field, leaving the straw or grass all standing. It weighs two hundred and fifty pounds, is drawn by one horse, and gathers from ten to twelve acres per day. The fingers, or teeth, catch all the heads, the revolving kuives cut them off and throw them back into the box, which will cross a twenty-acre field without emptying. The heads are then loaded into a wagon and taken directly to the null for cleaning, thus diminishing the labor three-fourths, and saving all the seed. This machine comes so low that cvery farmer will have it, and pays the manufacturer 300 per cent.

E. WHEELER, Agent for Washington.

CROSS KETS, WASHINGTON TOWNSHIP, CAMDEN CO., N. J.,
September 4, 1851.

We, the underdgned, do certify that we have seen Mr.
Krauser's Patent Clover Harvester in operation, and it has
given perfect satisfaction. It has gathered many of the
farmers' clover in this neighborhood—It is all that Mr. Krauser and his bills represent it to be. The farmers have given
one-half for gathering and threshing.

CHARLES LEWIS,
PETER H. JONES.

THOMAS TUMBLESON,

Long-a-Coming, October 7, 1851.

This is to certify that Mr. G. J. Naylor has gathered clove off of a sixteen-acre field of mine, which has been pastures two months with ten hend of cattle, and it produced sis bushels and a half and one peck of seed. I gave him two thirds for gathering and cleaning. I think his machine i first-rate, and answers all the purpose that is intended.

The following points out the profitable nature of the Harvester:

KRAUSER'S PATENT CLOVER-SEED HARVESTER. We have conversed with a number of Farmers, and they are of opinion that there are at least 3,000 acres in each township in Camden or Gloucester county, New Jersey. Admitting there are but 1,000, it is said that each acre will yield from 13/4 to 3 bushels. Reducing it to a certainty of yielding but 1 bushel per acre, what will it cost to gather and thresh

culation.

Perhaps no invention offers greater inducements for a profitable investment than the Harvester. For an enterprising young man, of good business habits, a large sum of money could without doubt be realized from the sale of rights in the different States of the Union not yet disposed of. By calling at this office, it can be demonstrated satisfactorily that men of moderate capital could not choose a better or more money-paying business.

ORAL TESTIMONY. ORAL TESTIMONY.

THOUSANDS feel it a duty to talk to their afflicted friends of the benefit derived from HAMPTON'S VEGETABLE TINCTURE. From day to day we have given the certificates of cures performed on our best-known citizens, and still we have a perfect avalanche of letters pouring in upon us—all, all giving a weight of tastimony that must convince the most skeptical. All are invited to call and read for themselves. The letter below is from one of the first mercantile firms. To those who know them, it must carry conviction, and induce many sufferers to give this Tincture a trial:

Porr Royal, Va., July 27, 1852.

Messrs. Mortimer & Mowbray: Gents: We have again to send an order for more of your truly wonderful Hampton's Vegetable Tincture. Since it was first tried it has sold without an effort, and we have not seen the first person who has not been greatly benefited by its use. A gentlems of our neighborhood was induced to try the "Tincture" for a violent palpitation of the heart. He had suffered so much from it that he said he had prayed for death. He had taken but three doses when he assured us he would not take five hundred dollars for the benefit he had derived, and that he should never cease to remember us with realitude for calling his attention to so valuable a medicine. gratitude for calling his attention to so valuable a medicin Yours, truly, GRAY & PENDLETON. Messrs. Mortimer & Mowbray: Gentlemen: It is with real pleasure that I am able to attest to the general healing and curative powers of Dr. Hampton's Vegetable Tincture. Sometime during last November I was taken with a very bad and serious cough. I was advised to take Cod-Liver Oil, and did so; but getting no better, I was induced to try your Tincture. I got one bottle, and before I had used it all my cough left me. Permit me also to state that, for the last fifteen years, I have suffered very much from Acute Rheumatism and Vertigo, confining me at times to my bed. I am fully convinced that I owe my present good health to the use of the Tincture, and a kind Providence.

You are, my friends, at liberty to use this as you may think proper; and believe me, yours, very respectfully. BALTIMORE, Feb. 9, 1852.

Baltimore, July 6, 1852.

Meters. Mortimer & Mowbray: Gents: Last September I was attacked with crysipelas, from which a dreafful uleer formed on my right leg. Getting better of this, last November I took a deep cold, which led to what my physician told me was bilious pleurisy, which left me with a constant, deeply-seated, and painful cough, having no rest day or night, and constantly throwing up from my lungs a thick matter. I became much emaciated, growing weaker every day, and keeping my bed the greater part of the time. My friends thought I had the consumption, and at times I was also of the same opinion. At this stage of my disease, after having tried many and various remedies, without success, a friend advised me to try DR. HAMPTON'S VEGETABLE TINCTURE, and procured me a bottle, which I now pronounce the greatest medicine I ever took. Before I had taken half the contents of one bottle I felt much improved: and now, having taken but two bottes, my cough and pains have entirely left me, and I am enabled to attend to business. I can truly say that, with the blessing of God, I have been restored to the health I now enjoy by the use of this most invaluable medicine.
